SKILLS

- **Programming Languages:** C/C++, Java
- **Frontend Tools:** HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, React, Redux
- **Version Control:** Git / GitHub
- **Project Management:** Jira, Azure Devops
- **Core Concepts:** Data Structures and Algorithms, Object-Oriented Programming, Networking, Operating Systems, Database Management Systems
- **Soft Skills:** Leadership (led teams in hackathons and projects), teamwork (collaborated effectively in diverse teams), problem-solving (developed innovative solutions for responsive designs) and strong communication skills.

PROJECTS

1) Quiz Application

- Interactive Quiz System: Built an engaging quiz platform with dynamic question rendering and real-time score tracking using JavaScript.
- User-Friendly Interface: Designed a responsive and intuitive UI, ensuring compatibility across multiple devices with CSS and Tailwind.

2) Weather App

- Live Weather Data: Integrated APIs to fetch and display real-time weather data based on user location or city search.
- Minimalist Design: Developed a clean, mobile-first design using CSS, ensuring seamless user experience.

3) Todo App (Focus on Today)

- Task Management: Created a feature-rich to-do list focused on managing daily tasks with real-time status updates.
- Dynamic UI Updates: Leveraged JavaScript for interactive task additions, deletions, and live updates, ensuring smooth user interaction.

CERTIFICATIONS

1) **Web Development Bootcamp** - Udemy (Angela Yu).

2) **Database Management Systems** - Scaler Academy.

3) **Networking Essentials** - Scaler Academy.

4) **Smart India Hackathon** - Ministry of Education, Govt. of India.

EDUCATION

B.Tech - Computer Science *Rajasthan Technical University*
CGPA - 8.98
